## *Welcome to the Downtown South Boston Farmers Market!*

We're excited to welcome you and we appreciate your interest in our sponsorship packages. We have lots of new events and activities planned for the coming year. And we look forward to continuing many of our traditional events and weekly Market promotions.

This year, you will see heightened activity at the Market with special holiday events, Wednesdays at the Market, and more great programs for families.

We welcome you to become a Downtown South Boston Farmers Market sponsor and feel sure you will find the sponsorship level that suits your business. Thanks to the help of our sponsors, we are able to bring our community closer together, share fun wholesome entertainment, provide giveaways, educate children and adults on healthier eating habits, and promote local artists and crafters.

We look forward to seeing you at the Downtown South Boston Farmers Market!

## ABOUT THE DOWNTOWN SOUTH BOSTON FARMERS MARKET

### Mission

The mission of the Downtown South Boston Farmers Market is to provide farmers, crafters and artisans with an opportunity to prosper by selling in an easily accessible local marketplace. We strive to foster a thriving and participatory environment where people gather and have fun. We encourage consumers to eat healthier and improve lifestyle through education and educational community events. We believe that there are inherent benefits for the customer, farmer, crafter, artist, and the community when food and products are produced and purchased locally.

### Vision

As a 501-c3 non-profit organization, we bring people together and champion fresh produce, food, and products from local farmers, crafters, and artisans. Our goals are to improve opportunities for all in our community by providing social and community building through educational and family-friendly events and activities.

Our vision is to:

- Provide residents and visitors with high quality, nutritious, locally grown food, locally prepared baked goods and food, and creative crafts and unique products produced locally.
- Educate the community on environmentally safe and sustainable practices.
- Create a venue for community events and activities to engage everyone in a wholesome, fun, and interactive experience.
- Educate the community on local agriculture, arts, and culture through demonstrations, hands-on activities, written and verbal presentations, and other community activities.

## WHO WE ARE

The Downtown South Boston Farmers Market is a nonprofit 501-c3 market, located at 300 Broad Street, South Boston, Virginia. The market is located between Main Street and Broad Street providing the open-air market setting with an excellent access from the area's busiest streets. We are a community of farmers, growers and crafters who love what we do.

Since 1987, the Market has created an equal opportunity for local farmers, artisan vendors, and crafters to display and sell their products to the local community and surrounding areas. The community welcomes our vendors through generous financial support and sponsorship by local businesses. We strive to provide an interactive market where vendors find a welcoming venue to sell their products and enjoy support from the community and surrounding areas.

### Market Hours

Saturdays:	March 15 <sup>th</sup> - November 29 <sup>th</sup>	8:00am- 1:00pm
Wednesdays:	May 21 <sup>st</sup> - August 27 <sup>th</sup>	3:00pm- 7:00pm

### Market Location

300 Broad Street South Boston, VA 24592  
Located across from South Boston True Value

### Social Media

Facebook:	Downtown South Boston Farmers Market
Instagram:	southbostonfarmersmarket

## Market Programs

Market Programs are another way to educate the community about agricultural businesses and the benefits and value of healthy eating. They also reward children for healthier eating and help customers leverage their benefits through a ‘matching program’. Market Programs include:

### Power of Produce (POP)

1. POP is a program designed to teach kids about the health and nutritional value of fresh fruits and vegetables.
2. Kids from ages 2-18 participate in the POP program each week. After completing the two-bite challenge or activity of the week, the child/teen receives a \$5 voucher to spend at the Market.
3. The \$5 voucher can only be used to purchase fresh fruits and vegetables, sugar free baked goods, eggs, honey, meats or vegetable starter plants to take home for a home garden.
4. All vendors are welcome to participate in the POP program.
5. At the end of the Market day, vendors submit their POP Vouchers to the Market Manager. Vendors are reimbursed via check each week for the amount of the equal dollar amount of the POP vouchers

### Senior Farmers' Market Nutrition Program (SFMNP)

Virginia's **Farm Market Fresh for Older Adults** program (formerly “Senior Program”) helps eligible seniors get fresh, tasty, and nutritious locally-grown fruit, vegetables, and cut herbs. The program also supports local farmers and farmers' markets in Virginia. Application is through the Senior Farmers' Market Nutrition Program (SFMNP) to receive Senior Vouchers by the Commonwealth of Virginia.

Senior Vouchers are deposited into the vendor’s bank account. New program participants will receive information from the representative regarding deposits.

### SNAP/ EBT and Virginia Fresh Match

#### SNAP (Supplemental Nutrition Assistance Program)

SNAP was developed by the US Department of Agriculture (USDA) Food and Nutrition Service (FNS) to help alleviate hunger in the US. Formerly known as Food Stamps, SNAP provides nutrition benefits to supplement the food budget of needy families so they can purchase healthy food and move towards self-sufficiency. State agencies administer SNAP programs. SNAP benefits can be used at the Market, making it a great place to educate families on the value of healthy nutrition.

#### Virginia Fresh Match

1. This program corresponds with the SNAP program. With each token a customer receives, tokens from his/her EBT card will be matched dollar for dollar with Virginia Fresh Match (spend \$10 to purchase \$20 worth of healthy food)
2. The Fresh Match issues cards for participant use - the cards equal \$1 each. They can be used to purchase fruits, vegetables, and plants that produce fruits or vegetables.
3. At the end of each Market day, vendors complete the form provided. The information includes how many POP, SNAP, and Fresh Match received for that day. The following week, a check is issued as reimbursement from the amounts collected the previous week.

## 2025 SCHEDULED EVENTS\*

There are many events scheduled this year. A list of events is included below but we will also have 'pop-up' events and other activities added and promoted throughout the year.
